\* All memberships run November 1 to October 31. All members are required to have operations in Ontario and meet eligibility requirements outlined on the following page. Benefits are available to members in good standing.

## MineConnect Membership Eligibility Criteria

**Corporate Members** – Businesses headquartered within Ontario that maintain premises with management and staff actively engaged in the manufacturing, servicing and distribution of goods or, providing professional and technical services to the mining sector. Stand-alone sales offices or agents are not eligible. Sole proprietorships are eligible.

**Associate Members** – Businesses headquartered within Ontario that maintain premises with at least one management and one staff member providing goods and services to suppliers. Sole proprietorships are eligible.

**Individual Members** – Persons, including those outside Ontario, interested in the activities of the MineConnect and its Corporate members.

Mine operators and exploration companies are not eligible.

All memberships and related benefits are valid from November 1 to October 31 and are not transferable.

## About MineConnect

MineConnect is Ontario's Mining Supply & Services Association. Our members are based throughout the province of Ontario, Canada, and many are globally recognized for their innovation and the essential role they play in advancing the mining sector. MineConnect is a registered not-for-profit association guided by a volunteer Board of Directors which represents and promotes the mining supply and services sector of Ontario. Our mission is to help our members grow their businesses.
